

Housing For All is a statewide network of local resident leaders and grassroots groups in rural and suburban towns across Connecticut working in their own communities to build support for housing.

THE NETWORK:

- Supports local groups working on housing issues on the ground with tools and resources responsive to locally expressed needs; and
- Works with local groups across communities to communicate a shared message that builds public will for housing across the state.

The Network provides a menu of supports including:

- » Education
- » Training
- » Leadership coaching
- » Communications support
- » Networking
- » Minigrants to support the work of local groups
